

Paul McQuade

Database Administrator

Paul joined ITAC in January, 2008, and quickly adapted to his role as Database Administrator.

He oversees, organizes and analyzes all types of information at ITAC and prepares the quarterlies for MEP and other contracted programs. Paul plays an important role by tracking all impact of programs to insure ITAC is meeting all of its goals. In addition to creating reports, Paul prepares charts, graphs, and tables to assist in writing proposals. Paul can create reports in Access, Excel, Lotus Notes.

Paul is a graduate of Brooklyn College with a BA in Communications, and a minor in Film Studies. He worked for Urban Organic for 7 years overseeing the company's day to day operations of delivering organic produce throughout NYC.
