

### Thinking about moving?

Want to stay where you are but need more space to run your business?

### Start right

A few simple but necessary steps will assure that your future needs for space are adequately met. Special resources can help you address your space requirements purposefully and help you to reduce the risks and costs associated with moving.

### A golden opportunity

Moving or expanding can be an opportunity to introduce operational improvements such as:

- better workflow
- maximal space utilization
- reduced inventory
- shortened lead times

## MOVESMART / STAYLEAN SERVICES

### Plant Layout and Relocation Planning Services

Facility related decisions are critical to the future of your business. Execution can be complex and capital intensive.

### Benefits

- Assist with facilities planning
- Take the stress out of a complex project
- Help you make the right space related decisions
- Successfully implement those decisions
- Minimize down time and disruption of your operations

### Description

If your company is planning to relocate, consolidate, expand, or reconfigure its current space, ITAC MoveSmart / StayLean services help you understand your firm's options and focus on a successful outcome.

### Whether you stay or move you will:

- Define your future space needs
- Create a plant layout that improves space utilization and workflow.

### And if you move you will also:

- Understand the relocation process, key players and decision
- Plan the relocation project schedule, budget, team and tasks
- Gain access to resources and incentive programs.

### Start planning early and make informed decisions

ITAC is here to help your firm navigate the process to get the most out of your facility. ITAC can also provide you with decision support such as relocation logistics and site evaluation.
